Problem

CSR and Sustainability

Corporates, ESG & CSR departments, and executive management face:

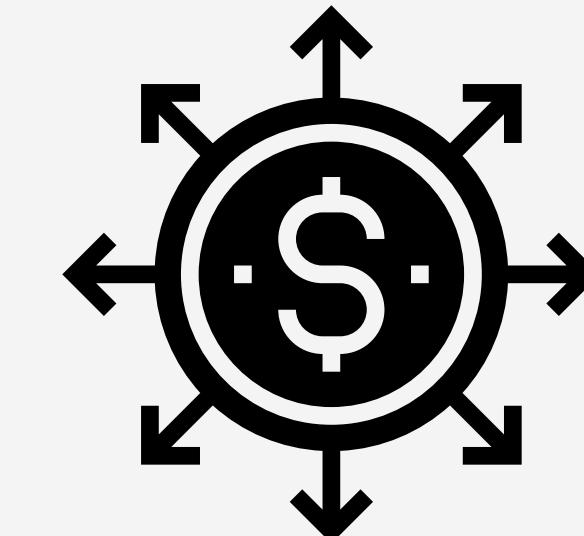

- Need to meet regulator targets
- Investor & Stakeholder demands
- PR and brand image
- Non-financial reporting demands

Developing World Impact

Individuals, foundations, NGOs, and impact projects in the developing world face challenges:

- Scarcity of Data, complicates evaluation
- Cross-border payments challenges
- Costs & Inefficiencies of endless Intermediaries

Need of Financial Inclusion

World Bank:
"more than 1.4 billion people worldwide remain unbanked."

It's urgent to develop an accessible tool for financial inclusion!

Solution

Cashdillo on Algorand

Blockchain: decentralized, low-cost, efficient, and transparent

Standardized on-chain Impact Report

Monitoring: impact review + rating, milestone check, and direct communication

Crowdfunding and grant giving

PR for brand image and exposure

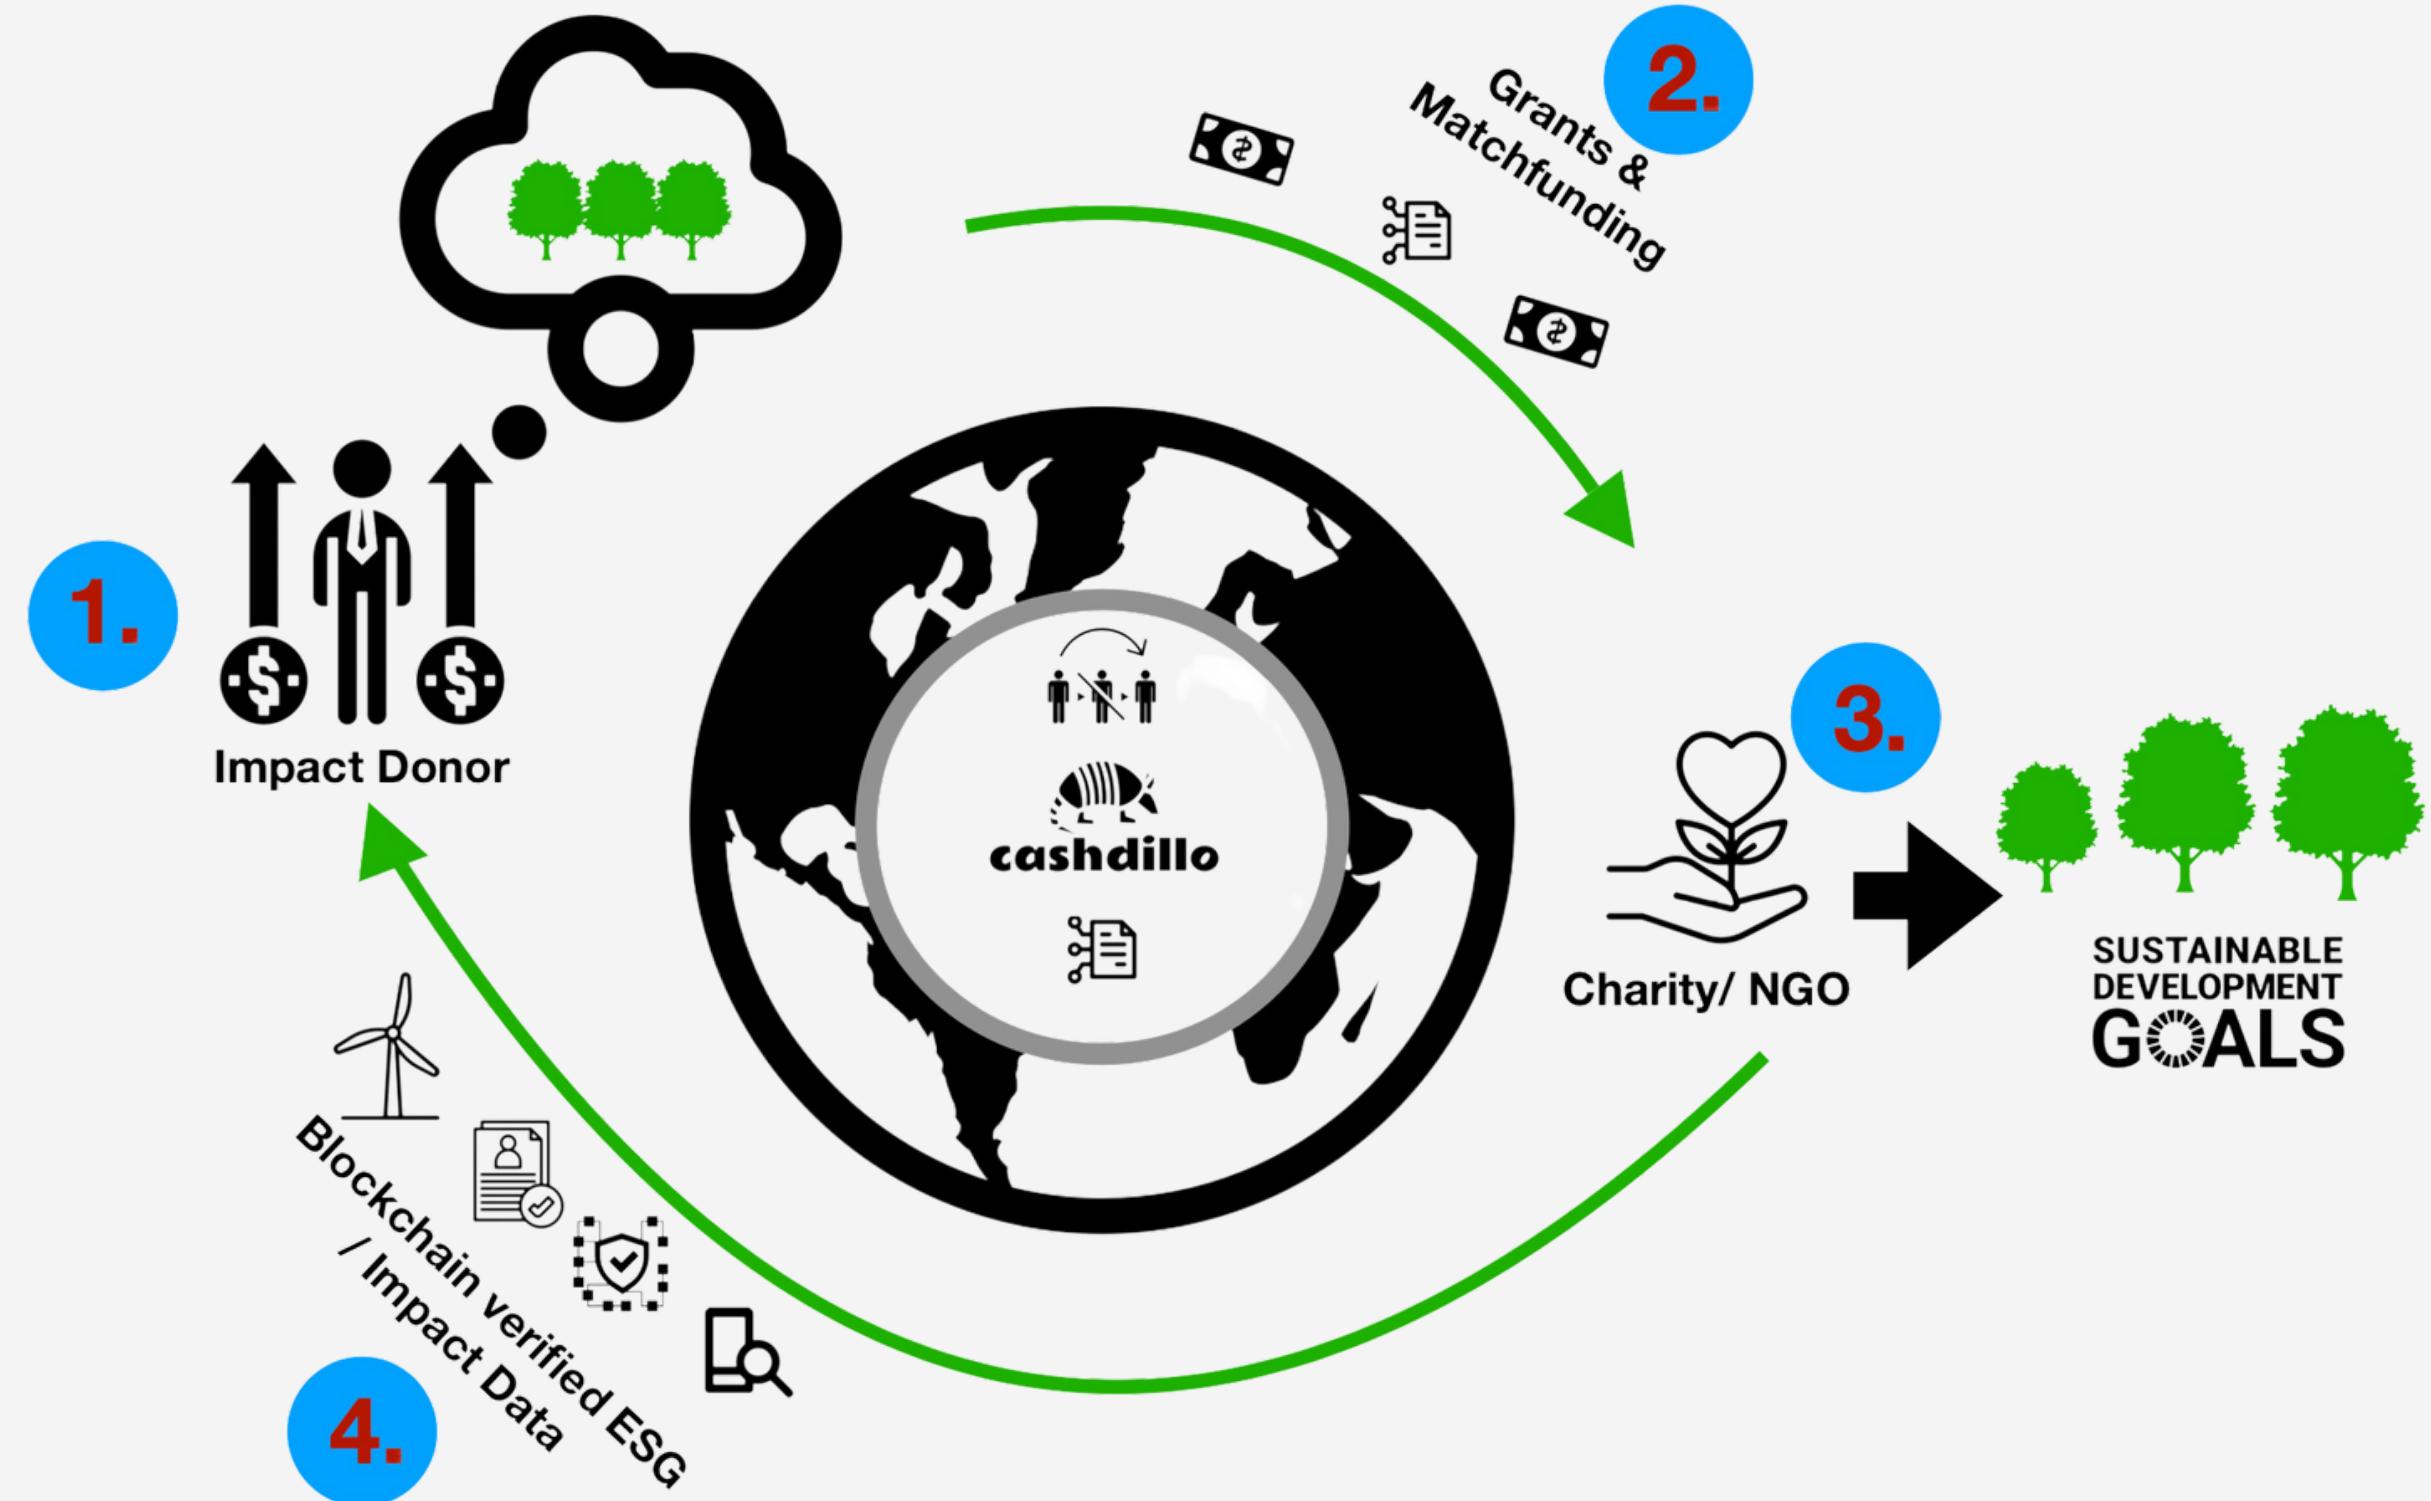

Benefits for Giving Partners

1. All-in-one efficient solution for CSR, ESG, and social impact
2. Standardized SDGs and impact reports for regulator needs and public disclosure
3. High-quality projects reviewed by the Cashdillo team and renowned partners including UN agency

Benefits for Fund Receivers

1. Tool for financial inclusion: powered by blockchain, lower fees, and more efficient
2. Exposure to donors and corporates worldwide
3. Support from a strong impact network

How It Works

Individuals or corporates have the need for a social impact tool.

Cashdillo's service: grants and match-funding.
Blockchain for cross-border transactions, transparent records, and impact reports.

Funded projects report directly to Cashdillo and donors.
Donors: impact mission ✓, brand image ↑, and meet regulation/stakeholders' needs.

The Ask

With ongoing contract negotiations **to become an exclusive white-label software supplier to UNDP Tadamon** in 2024, we are **raising USD250,000 as a seed round** in Q3 2023 for 15% equity. This guarantees 12 months runway to deliver on contract invitations with UNDP.
